

Face the Cookie

Ages 5 & Up

Face the Cookie is extremely simple!

1. Sit in a chair with a cookie beside you.
2. Lean your head back and place a cookie in the center of your forehead.
3. Use only your face to move the cookie from your forehead to your mouth.
4. Do not use your hands or you're out!
5. Whoever gets the cookie to their mouth first, wins!
